Four leading Aboriginal business people recognised the need to provide clients a trusted, experienced and diverse network of Aboriginal businesses for construction projects across Australia and have come together to create the Aboriginal Construction Alliance.

- The Alliance team offer a unique solution for infrastructure projects Australia wide, supporting clients to exceed their project diversity targets and generate sustainable outcomes in the communities they operate in. There is no need to employ ineffectual advisors and consultants, simply work with the Alliance team.
- The Alliance is a platform for clients to support the local Aboriginal business community through our experienced delivery team. We partner with experienced and emerging Aboriginal businesses, using our knowledge and expertise to manage the project delivery, risks and compliance.

## PROJECT MANAGEMENT

Our team are project professionals, having delivered projects across Australia in a broad range of sectors. Our expertise covers both client and contractor side.

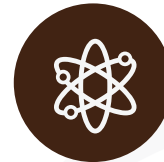

## CONSTRUCTION

Whether it is a project for the resource sector, the Department of Defence or general contracting, our team of businesses have the experience to deliver.

## TRAINING AND RTO

Having an in-house RTO, the Alliance provides Aboriginal people the grass roots skills required to tackle these exciting new roles in the infrastructure industry.

## DESIGN AND ENGINEERING

The Alliance works with aligned and like minded organisations to help build the capacity that is lacking across the industry. This allows us to provide clients an end to end solution from design to delivery.

## FACILITIES MANAGEMENT

If you are looking for a complete FM solution or a specialist trade, the Alliance can help. With clients across Australia, the Alliance is your perfect FM partner.

## PROCUREMENT

Looking to source product, equipment or materials through an eProcurement system developed specifically for the Indigenous Business Sector? You can select potential Suppliers based on relevant credentials all on one comprehensive quoting platform.

## RECRUITMENT AND LABOUR HIRE

Ochre is Australia's leading Tier 1 Aboriginal labour hire, training and recruitment company creating thousands of jobs through National Service Agreements with corporate partners & changing lives of it's trusted community network.

## ELECTRICAL, SECURITY AND HVAC

Wilco is one of Australia's leading electrical contractors, delivering the full range of electrical services from maintenance, high voltage and communications through to security and fit outs.

## RENEWABLE ENERGY

Our team has installed almost 1.3mw of rooftop solar over the past 10 years, making us one the States most experienced solar companies.

## TRAFFIC MANAGEMENT

We provide a comprehensive service utilising Indigenous trained and certified personnel in the traffic management sector and provide 24 hr emergency services with a compliant range of vehicles, plant & equipment.

## MAINTENANCE AND RENOVATIONS

We pride ourselves in offering a one stop shop service to eliminate your frustration in the scheduling and monitoring of several different trades.

## BUSINESS DEVELOPMENT

Complete support for business development and capacity building, supply chain compliancy & marketing needs to on-board Indigenous businesses into our vast network and promote our corporate partners community initiatives with the Alliance.
